

THE DIRECTOR OF  
CENTRAL INTELLIGENCE

National Intelligence Council

16 May 1983

NOTE FOR: Helene Boatner  
Chief, Product Evaluation Staff

FROM : Henry S. Rowen  
Chairman, NIC

I have just read your evaluation on Central American intelligence products. It is an excellent job with some obvious implications for the NIC as well as the DI. I have long believed in the importance of evaluations of this type. This particular product illustrates how useful they can be.
